

We recommend checking...

☐ Manuscript Card Catalog - Obituaries, biographies or other material associated with an individual may be indexed here. This index also includes information about events, places, and various histories from the county and region. If searching for an obituary it may be necessary to determine the date of death through other records (cemeteries, funeral homes, etc.). Then you can check the newspaper from that time.

☐ Photo Card Catalog - Photographs of individuals, organizations, events, and places are indexed here. Individuals in group photos are not always indexed.
